

AMENDMENTS TO THE SPECIFICATION

Please add the following new paragraphs after the paragraph ending on page 5, line 32.

-- Fig. 8 is an illustration of a needle within the breast prior to the biopsy or removal of a cluster of microcalcifications.

Fig. 9 is an illustration of the needle within the breast after removal of the calcifications.

B1 Fig. 10 is an illustration of the subject device, represented by a cylinder of collagen being inserted into the needle.

Fig. 11 is an illustration of the subject device being deployed through the needle into the biopsy site.

Fig. 12 is an illustration of the device, enlarged because of the absorption of blood and other fluids, within the biopsy site. --
